ACSEP CPD Committee

Statement about impact of COVID-19 on ACSEP CPD Program

Covid-19 continues to have a profound effect on the medical landscape and is putting a great deal of stress on all Fellows. The CPD committee has met remotely and in light of recommendations from the MCNZ and AMC have put forward the following plan for CPD in the 2020 year in response to Covid-19.

Please feel free to contact myself or National Office if you need any clarification.

1. All fellows are exempt from completing CPD requirements for the 2020 year.
2. Fellows who have been compliant with the 2019 year will automatically be compliant for the 2020 year.
3. Fellows who are not currently compliant with the 2019 year will have until the 31st December 2020 to complete their requirements for the 2019 year.
4. Fellows who have completed some CPD requirements in the 2020 year are able to carry these forward to the 2021 year.
5. The triennium requirements for 2020-2023 will still be required to be completed in full.

Further information on CPD from the Medical Board of Australia will be provided as soon as it becomes available.

Stuart Armstrong

Chair, CPD committee
