

AUSTRALASIAN COLLEGE OF SPORT AND EXERCISE PHYSICIANS

P019 Review, Reconsideration and Appeals Policy

1. PURPOSE

The purpose of this policy is to provide for those directly and adversely affected by decisions related to the training and educational functions of the Australasian College of Sport and Exercise Physicians (ACSEP), a mechanism for review, reconsideration and appeal of those decisions. This policy sits alongside the most updated ACSEP Training Manual, online training documents and other relevant ACSEP policies.

2. BACKGROUND

It is the mission of the ACSEP to provide and promote excellence in the training and continuing professional development of the ACSEP Membership in Australia and New Zealand. As a specialist medical college, the ACSEP must fulfil the legislative requirements of the AHPRA in accordance with the requirements for accreditation by the Australian Medical Council (AMC) and the Medical Council of New Zealand (MCNZ). Accreditation of the ACSEP requires the College to provide a fair and appropriate process for the review, reconsideration and appeal of decisions related to the training and educational functions of the College.

3. SCOPE

The scope of this policy and procedure applies to the ACSEP membership, senior management, permanent and contract staff and prospective applicants.

4. POLICY

From time to time a person directly and adversely affected by an ACSEP decision may ask the College to review that decision. This policy and procedure exist to provide:

- a) a fair and reasonable opportunity to review and appeal that decision
- b) the grounds for review and appeal of decisions

5. PROCEDURE

Review and reconsideration of decisions

- a. Before referring a matter to the Appeals Committee, the Chief Executive Officer (CEO) or other Officer of the ACSEP may advise an applicant or the applicant themselves may seek a review and reconsideration of the original decision, in accordance with College processes

AUSTRALASIAN COLLEGE OF SPORT AND EXERCISE PHYSICIANS

amended and approved by the Board from time to time. Such a review and reconsideration shall not, and does not, constitute an appeal under these rules.

- b. Prior to any application for review and reconsideration being made, an applicant may request copies of information on which the original decision was based (other than information supplied to the College on a confidential or privileged basis). The College will provide such information upon written request, subject to obligations of privacy and confidentiality which apply as per College policies and procedures.
- c. A person directly and adversely affected by a decision referred to below in Grounds for Appeal (Section 2), may, within 3 months of receipt of notice of such decision apply to the CEO to have the decision reviewed and reconsidered, or within 3 months of notice of outcome of review and reconsideration of that decision, apply to the CEO to have the decision considered by the Appeals Committee.
- d. The College will publish annually a report on the activities of the Appeals Committee including the number of appeals lodged and the result of appeals.
- e. If person directly adversely affected by a decision referred to below in Grounds for Appeal applies to the CEO to have the decision considered by the Appeals Committee, the CEO shall not convene the Appeals Committee until satisfied:
 - i. that all avenues of review and reconsideration of the relevant decision have been exhausted
 - ii. that based on the material submitted, there are prima facie grounds for appeal.

 - ii. that relevant and significant information, whether available at the time of the original decision or which became available subsequently, was not considered or not properly considered in the making of the original decision;
 - iii. that the original decision was clearly inconsistent with the evidence and arguments put before the body making the original decision;
 - iv. that irrelevant information was considered in the making of the original decision;
 - v. that the original decision was made for a purpose other than a purpose for which the power was conferred;
 - vi. that procedures that were required by the ACSEP policies to be observed in connection with the making of the decision were not observed and/or
 - vii. that the original decision was made in accordance with a rule or policy without regard to the merits of the case

2. Appeals Committee composition

- a. An Appeals Committee made up of 5 persons will be convened by the Chief Executive Officer, comprising the following members (selected from):
 - i. Chairman (one of the non-Fellow members of the Appeals Committee)

- f. All members will not knowingly allow the participation in an appeal any member whose past or present activities or relationships could affect his/her ability to be impartial and objective in that appeal. Therefore, an Appeals Committee member must agree to act with objectivity and without conflict of interest when reviewing an appeal.
- g. An Appeals Committee member confirms agreement to abide by this policy in a **Statement of Conflict of Interest, Confidentiality, and Disclosure** provided to the Chief Executive Officer prior to hearing an appeal. This Statement will identify situations involving conflict of interest and provide examples of situations that raise the appearance or potential of conflict of interest. The Statement will require that the Appeals Committee member affirm prior to participating in an appeal that he/she has no conflicts, predispositions, affiliations or relationships known to that committee member that could jeopardize, or appear to jeopardize, objectivity and indicate his/her agreement to follow this policy.
- h. If an Appeals Committee member has such conflicts, predispositions, affiliations or relationships that he/she believes or, the Chief Executive Officer determines, constitute a Conflict of Interest, that committee member must withdraw from the appeal.
- i. An Appeals Committee member agrees to keep confidential any information provided by the appellant under review and information gained because of participating in an appeal.
- j. Keeping information confidential requires that the Appeals Committee member not discuss or disclose institutional information except as needed to further the purpose of the Appeals Committee's decision-making processes.
