AUSTRALASIAN COLLEGE OF
SPORT AND EXERCISE PHYSICIANS

TP 1.4

Logbook of Procedures Form

DESCRIPTION

This form is used by Registrars to record procedures observed and performed during the Training Program. All procedures in this form must be observed and/or performed to meet Training Program requirements. Registrars are recommended to use the same document for the duration of the Training Program and journal procedures as they are accomplished. At the end of each Training Period, the most recent version of the form should be uploaded to the Registrar's portfolio.

REGISTRAR DETAILS

Registrar name		Year	
Stage of training		Training period	
Full-time or part-time		Loading
